

You'll be able To hear The flUTTering of birds' wings

The house

It is an old stone and timber built house which is surrounded by forests and completely self-sufficient and ecological. It is heated by wood-burning stoves, lit by solar-power and water is provided by a spring in the grounds. A tribute to sustainability in the middle of an unforgettable landscape and forests as far as you can see....

The house has been restored with much care and attention to detail resulting in a warm and welcoming atmosphere, full of little places to chat with friends or family..... or simply disappear.

The house

- Capacity: 8 people
- Living space: 200 m2
- Fresh water spring
- Solar powered electric lights
- Candle-lit nights especially in the winter months
- Hot water, cooker, oven and fridge powered by calor gas

Sorroundings

As you go down the track which leads to the house, you'll begin to see the magic which nature brings to La Pegatera. Surrounded by pine and oak forests, nothing can be seen or heard which doesn't spring from nature itself. However, in only 20 minutes you can drive to a river and Andorra and the famous Pyrenean resort of Tremp are only an hour away. The town of La Seu D'Urgell, "Els Castells de Frontera", "La Ruta de los Dinosaurios", "La ruta del Romànic" and the reservoir of Sant Antoni are also worth a visit!

Local Holidays and Feast Days

"Fiesta Mayor" indicates the day or days which local towns and villages celebrate their traditional Saint's Day. There is usually free or very cheap food and drink, childrens' shows, street markets and dancing well into the early hours

"Aplec" is a smaller celebration dedicated to a lesser saint or to a local guild.

"Fira or Feria" indicates an artisans' street market usually reflecting some aspect of local life.

Sobre-roca:

Fiesta Mayor 14th April

Valldarques:

Fiesta Mayor: 1st Sunday in September

Aplec de Sant Miquel: 1st May

Fiesta Mayor de Sant Romà, 17th November

Coll de Nargó:

Fiesta Mayor: 25th July, Saint James' day

Aplec de Sant Miquel: 2nd Sunday in May

Carnival Tuesday: Rodeo show in the main square

Third Sunday in August: The descense of the RAI

Wild Mushroom Fair: the weekend of 12th October

Organyà:

Fiesta Mayor: 15th August

Aplec de Santa Fe: Whit Monday

Cabó:

Theatre, "The Death of Arnaldeta de Caboet" 24th and 25th August.

Arsèguel:

Annual meeting of accordion players: last Saturday of July

What To do and what To see.

Our recommendations:

- **Bases del Codó and Bases de Toriella** are natural pools: both good spots for water dips with children (see sketch map attached)
- **At Sant Antoni reservoir**, in la Pobla de Segur (just past Tremp), the best places to bathe are on the other side of the reservoir, after the Claverol bridge. There's an open-air summer restaurant here where you can eat very well.
- **Visit the beautiful and dramatic setting of La Vall Fosca valley** for walks and cable car ride (July to September). To get there, follow the road from la Pobla de Segur to Senterada. There are very pretty villages along the way and the Estany de Moncortés lake for swims. The road continues up to the Natural Park of Els Estanys de Sant Maurici.
- **Visit La Seu de Urgell**. Wander the medieval streets of the old town and visit the Romanesque cathedral of this small city in a Pyrenean valley near Andorra. Go rafting at Segre Park here, once a part of the 1992 Barcelona Olympics installations.
- **Children (and grown-ups!) will enjoy the dinosaur museums in Coll de Nargó and Isona**. In Isona, next to the La Posa Hermitage, dinosaur footprints can be seen.

Market days always make for interesting focal points and visits.

(clothes and shoes, fresh fruit and vegetables, household goods)

Weekly markets are held:

Monday: Tremp

Tuesday: La Seu d'Urgell

Wednesday: La Pobla de Segur

Saturday: La Seu, Oliana y Isona

Sunday: Organyà

How To arrive

The house is situated in Coll de Nargó, Lleida.

Follow the road which leads from Coll de Nargó to Isona until you see a turn off for Gavarra (Km 25). Follow this road for 700m until you see a dirt track to the right. Go down the track for about five minutes until you see the house.
